

Company/Organization: Antioch University New England
Contact: Taryn Fisher

Challenge: Provide warmth to the economically disenfranchised, many of whom face homelessness during the bitterly cold winters of Northern New England.

Approach: MBA in Sustainability students who belong to AUNE's Net Impact chapter conduct an annual holiday clothing drive to provide warmth and comfort to those in need.

Impact: We collected 585 pounds of winter clothing for the Keene Community Kitchen, helping dozens of families stay warm. Staying warm contributes to good health and the possibility of a better, more productive life.
