

Contact: Monique Jordan

Company/Organization: Great Bay Community College

Challenge: Build relationships in the community and opportunities for business students

Approach: Partnering with BANK W Holdings on Pease who will hold a speaker series for GBCC students during the upcoming year. These will give students an opportunity to learn about internships, social media, networking and interviewing as these are not offerings that GBCC has.

Impact: while the series hasn't begun yet, the hope is that students will learn important skills that will serve them well as they enter the work force.
