Survey Question of the Month

NHBSR Wants Your Opinion! – Family-Friendly Practices

As we start to gather data for our soon-to-be launched "Best Practices" Database, NHBSR is starting a new section of our e-newsletters dedicated to better serving our members. Every month, NHBSR will pose a different survey question related to various CSR topics.

This month's question:

"Have you had success with innovative child care approaches or ways to help out new moms and dads? Does your company offer family-friendly business practices?"

If you have any stories to share, we would love to hear from you! Please send your responses to Executive Director Molly Hodgson Smith at molly@nhbsr.org.
