

Showcase Your Company as a Leader in Sustainability at the ...

NHBSR is pleased to provide a fun evening of networking and creative sharing of best practices! The Sustainability Slam uses an engaging format to share sustainability opportunities! A panel of judges will select the top twelve stories with impact (two large and small company/organization in each category). Finalists will present their stories in 90 seconds and the audience will vote for the winners via live polling.

The event will bring together business professionals and organizational leaders from throughout northern New England to network and share ideas and opportunities for moving sustainability forward in New Hampshire!

NHBSR is proud to offer organizations focused on advancing sustainability in New Hampshire with exciting, customizable opportunities to showcase your support. We look forward to shaping the benefits at each level that align with your mission and objectives in reaching our audience. For more information, contact Michelle Veasey. (michelle@nhbsr.org or 603-391-8471)
