

Mission

New Hampshire Businesses for Social Responsibility fosters socially and environmentally responsible business in New Hampshire recognizing that people, principles and profits must be linked.

New Hampshire Businesses for Social Responsibility is a member-driven organization that promotes socially and environmentally responsible business practices which lead to greater financial profit and improved overall company and community sustainability. We provide resources, networking, and promotional opportunities. Our members have access to the brightest and most innovative business minds and best practices in the CSR and sustainability fields.

Corporate Social Responsibility

NHBSR defines corporate social responsibility (CSR) as a commitment to operating in an economically, socially, and environmentally sustainable manner.

Sustainability

NHBSR defines sustainability as the deliberate consideration and implementation of business practices that support profitability while protecting the environment and enhancing the quality of life for this generation and future generations
