

Birds of a Feather ~ Purposeful Networking

These purposeful networking sessions are meant to promote community growth through discussion and connecting around topics our network is passionate about.

Free and open to all, these virtual networking sessions provide opportunities for engagement, continued learning, and action.

- **Dialogue** with peers around a specified topic.
- **Highlight** your commitment to sustainability and share your experiences.
- **Gather** ideas and solutions from like-minded individuals and share your story.
- **Learn** about what community members are doing to impact sustainability.
- **Network** with leaders who are moving the sustainability conversation forward.
- **Take Action** - Go beyond passive learning by discussing real solutions and implementing them in your community or business.
