Company/Organization: Sheehan Phinney

Type of organization: Business

Number of Employees: 115

Category: Community

Challenge or Opportunity: Ken Viscarello, A Shareholder at Sheehan Phinney, has long supported Special Olympics of NH by volunteering, serving on their board, committees and as Board Chair 2018. Ken's love for SONH is infectious and the firm wanted to further support this wonderful state-wide organization

Approach or Solution: We host an annual art contest for SONH, receiving dozens of drawings, we select one for the SP annual holiday card. It is mailed to clients. We organize a team annually for the "Polar Plunge" and last year raised \$8360. SP employee partnered with an athlete who competed in the '19 Summer Games triathlon. Employees also help at b-ball tourney, winter Olympics, as mentors

Impact: The impact is greater on us than on Special Olympics. The athletes are truly wonderful people, and we are grateful that we are able so frequently to witness their genuine love for one another and joyfulness.
