Finalists Selected to Present at NHBSR's 2020 Sustainability Slam

Be inspired and make new connections at THE sustainable business event of the fall!

NH Businesses for Social Responsibility's 6th Annual Sustainability Slam will be presented this year on a dynamic and engaging *virtual* platform, with even more opportunities for participants to connect with other sustainability leaders, businesses and professionals! This lively evening of networking, storytelling and sharing of best practices will celebrate leading local sustainability efforts. These efforts will be featured as fast-paced and high-energy skits and attendees will vote in real time to choose the night's winners.

"The Slam is full of great stories that, like ours, can inspire businesses big and small to take on really important issues!"

-Paul Turbeville, Pete & Gerry's Organics

2020's presenters were chosen by an independent panel of judges that selected stories based on their impact, creativity and scalability. NHBR would like to congratulate 2020's Sustainability Slam Finalist:
